Description:

Book by Julie Haydon

I bought all eight books in this series at Jo-Anne Fabric for \$5 each before my son was born. Now that he's old enough to appreciate them, he typically chooses these for his bedtime stories. My only complaint is the sound feature. Out of eight books, the sound on two of them either never worked or fizzled out quickly. I even replaced the batteries and they still didn't work. I have now found replacements for both of those books and I paid somewhere around \$5 so my son is happy, but I sure didn't want to buy them twice.
